

Freeman Pharmacy Department

Our team consists of 30 pharmacists and 40 technicians working together to meet the ever rising demand on the Pharmacy Department. Throughout Freeman, we have eight pharmacist-staffed clinical care areas dedicated to providing innovative patient care. Our pharmacy department offers, but is not limited to, the following services:

- Pharmacokinetic consult service
- Heparin and Warfarin dosing management
- Renal dosing adjustments
- IV to PO automatic conversion
- Antibiotic stewardship
- Pharmacist managed metabolic support service
- Medication reconciliation technician program
- 24-hour central pharmacy coverage
